

MILDURA KIDS CLINIC

PARKING RECOMMENDATIONS

Mildura Kids Clinic is located on a busy corner of Walnut Avenue, and sometimes parking space is at a premium.

In order to make it as easy as possible for you, here are some tips to consider regarding parking.

1. There are only two 2 hour Angle parks available out the front of the building on Walnut Ave. Parking inspectors patrol this area and you risk a parking fine if you over-stay. These parks also mean you are extricating children from the car very close to the busy passing traffic of Walnut Ave. For these reasons we recommend parking in Willow Grove, the side street along the side of the clinic. This court is generally quiet and allows a peaceful walk up to the clinic itself.
2. Should Willow Grove be full, (and at times this is the case), unlimited parking is available along Walnut Ave on either side. We recommend parking on the same side as the clinic to avoid a sometimes hair raising crossing of the road near Eleventh St. There are almost always spaces along Walnut Ave between Twelfth St and Willow Grove.
3. An alternative is to park in Twelfth St next to the park on the right-hand side. This allows a pleasant walk through the park on the way to the clinic and on the way back to the car. There might even be time for a play on the equipment there.
4. Parking is also usually available a short distance down Eleventh St, heading towards Ontario Ave. This requires a short walk back along Eleventh St and Walnut Ave past the Walnut Ave store to the clinic.

We hope this makes your visit to the clinic a little easier and without the risk of any nasty fines afterwards!
